Singing Impressionist

Unique, Clean Comedy

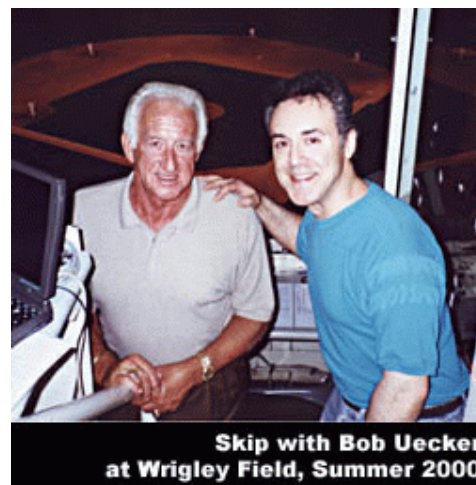

Skip Griparis presents an extraordinary comedic and musical one-man stage show featuring satirical impressions of more than 45 stars of song, TV, and the silver screen, from the 50's to the present.

Skip's remarkable, high-energy tour de force showcases a unique blend of precise, sidesplitting impressions through clean, insightful satire, virtuoso guitar picking and an astonishingly versatile 3-1/2 octave vocal range that sends the folks home buzzing "What a voice! And, he looks like everyone he does!"

Skip's credits are extensive: headliner for major comedy clubs across the country, recording artist, touring member of Olivia Newton-John's band, stage and film actor - most notably as the "play-by-play color man, Monte" with Bob Uecker in the blockbuster baseball movies, *Major League I and Major League II*.

Skip Griparis is a genuine master of classic rock, pop, soul, jazz, and country. So, he needs no prerecorded tapes, no electronic-trick. Just more musical fun than you ever thought possible from one guy and a guitar!

"The best thing about 'Major League II' is the relationship between Bob Uecker and Skip Griparis." Roger Ebert
